

**Housing Problem Discussed.**

Proper zoning, reduction in the cost of materials, and aid to prospective builders by building and loan associations will solve the housing situation, James S. Taylor, building

authority, told members of the Women's City Club last night. The shanty dwelling problem was discussed by Maj. Carey H. Brown and A. S. J. Atkinson, of the Board for the Condemnation of Insanitary Buildings.

**HYMAN ENTERS  
SUIT TO OBTAIN  
SCHOOL WORK**

Seeks to Restrain Commissioners From Awarding Contract to Wyne's Firm.

Despite the fact that George E. Wyne was awarded the contract yesterday for the erection of the new Eastern High School building, suit was filed yesterday by Contractor George Hyman, who built the substructure, to enjoin the District Commissioners from awarding the contract to Wyne or any other bidder.

Through his attorney, Commissioner W. Gynne Gardner, Hyman asks that the Commissioners be compelled to obey the law and award the contract to the "lowest responsible bidder."

Justice Bailey cited the Commissioners to appear in court Monday morning at 10 o'clock to show cause why an injunction should not be granted. Hyman says that the bids were opened October 26 last and that his bid which was accompanied by a bond for \$20,000 was the lowest, being \$15,300 less than that of Wyne, whose bid the Commissioners announced they would accept. Plaintiff submits a statement to the court of his financial standing showing assets of nearly a quarter of a million dollars. Hyman declares that the action of the District Commissioners besides costing the people \$15,300 will subject him to great financial damage and destroy his reputation as a contractor. Hyman has done much work for the District, but most of it has been the construction of sewers. Wyne is now completing the Gallinger Hospital.
